**INFORMATION DISCLOSURE STATEMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In accordance with the duty of disclosure provisions of 37 C.F.R. §1.56 and MPEP § 2001.06(c), applicants hereby provide further information regarding the existence of a litigation associated with the subject U.S. patent application. Said litigation was previously identified in an Information Disclosure Statement filed on March 5, 2007. The subject application and United States Patent No. 7,128,744 ("the '744 patent") are both continuation applications of U.S. Patent Application Serial No. 09/660,287, which issued as U.S. Patent No. 6,623,486 ("the '486 patent"). Both the '486 patent and the '744 patent have recently been asserted in a patent infringement litigation captioned *Synthes (U.S.A.) v. Smith & Nephew, Inc.*, Civil Action No. 03-0084, pending in the U.S. District Court for the Eastern District of Pennsylvania.

Applicants note that this Information Disclosure Statement includes recently-filed pleadings alleging that inequitable conduct was committed during prosecution of the '486 and '744 patents. Those pleadings and the references allegedly forming the basis for the inequitable conduct allegations are submitted herewith. It is requested that the Examiner make this information of record if it is deemed material to the examination of the application.
